

heavy blues by Matt Kemp, BMI

Break Your Back Morning to Night
Slave Your Life No End in Sight
Heavy Blues, i can't lift None of these Heavy Blues

Punch the clock, Get in Line
Shut Your Mouth, don't waste no time
You're gonna get your shots, & pay your taxes
Give your faith to the lord, but don't ask any questions

Heavy Blues,
i can't lift none of these Heavy Blues Heavy Blues...

Steel Bars drop
i'm trapped inside
shackles lock
theres no where to run, no way to hide
from these Heavy Blues

Clergy man said, Put your knees on the ground
close your eyes, don't make a sound
Be a good lamb, take out my gun
Count to ten, You'll wish you were gone

Heavy Blues, i can't lift these Heavy Blues

Shackles lock
my neck to the wall
steel bars drop
i cant lift them, i cant lift them at all
not these heavy blues
