

Blues Bruise (Kemp 20) kempmusik.com

V1

I've got a grin as your blues bruise blackens
sharpest fact on the turnpike
crossroads call only from the shadows
i dream of rain in the moonlight

V2

i've got a little devil on my shoulder
slick as a tick won't get away
bedsheets clawing at me i feel sick
bored as hell with no song to play

Refrain

I dont mind if you take your time
i'm gonna be just fine living my own life
I dont mind if you say goodbye
Just get lost and die i'm living my own life
